INDEPENDENT AUDITOR'S REPORT

To the Members of Unison Enviro Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Unison Enviro Private Limited("the Company"), which comprise the Balance sheet as at March 31 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the , we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   The provisions of section 197 read with Schedule V of the Act are not applicable to the Company for the year ended March 31, 2020;

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure 1 referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date

Re: Unison Enviro Private Limited ('the Company')

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) Fixed Assets have been physically verified by the management during the Year and no material discrepancies were identified on such verification.

(c) According to the information and explanations given by the management, the title deeds of immovable properties, included in property, plant and equipment are held in the name of the Company.

(ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification. There was no inventory lying with third parties

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.

(iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.

(v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

(vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products/services of the Company.

(vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of custom, duty of excise, value added tax, goods and service tax, cess and other statutory dues applicable to it.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(c) According to the information and explanations given to us, there are no dues of provident fund, employees' state insurance, income tax, sales-tax, goods and service tax, customs duty, excise duty and cess which have not been deposited on account of any dispute.

(viii) The Company did not have any outstanding loans or borrowing dues in respect of a financial institution or bank or to government or dues to debenture holders during the year.

(ix) According to the information and explanations given by the management, the Company has not raised any money way of initial public offer / further public offer / debt instruments and term loans hence, reporting under clause (ix) is not applicable to the Company and hence not commented upon.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the Company has been noticed or reported during the year.

(xi) According to the information and explanations given by the management, the provisions of section 197 read with Schedule V of the Act are not applicable to the company and hence reporting under clause 3(xi) are not applicable and hence not commented upon.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2 to the independent auditor's report of even date on the Financial Statements of Unison Enviro Private Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Unison Enviro private Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1. :

Note 1.1 : Corporate Information

Unison Enviro Private Limited ("UEPL" or "the Company") is a private limited company domiciled in India and was incorporated on December 14, 2015. The registered office of the Company is located at 807, 8th Floor, The Capital, Plot No. C-70, G-Block, Bandra Kurla Complex, Bandra East, Mumbai 400051. The Company carries on the activity of City Gas Distribution and distributes and transports Natural Gas to Domestic, Commercial, Industrial and Vehicle users. The Company has been awarded licenses in the city of Ratnagiri, Latur and Chittradurg. The financial statements are presented in Indian Rupee (INR) in Lakhs which is also Functional Currency of the Company.

The financial statements were approved for issue in accordance with a resolution of the directors on June 8, 2020.

Note 1.2 : Significant Accounting Policies

1.2.1 Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III)

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain items that are measured at fair value as required by relevant Ind AS:

Financial assets and financial liabilities measured initially at fair value (refer accounting policy on financial Instruments);

Defined benefit and other long-term employee benefit

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when :

- It is expected to be realised or intended to be sold or consumed in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve

All other assets are classified as non-current assets.

A liability is treated as current when :

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

The Company classifies all other liabilities as non-current liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current / non current classification of assets and liabilities.

Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amount of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.
At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.
The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.
For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.
This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Disclosures for valuation methods, significant estimates and assumptions.
Financial instruments (including those carried at amortised cost). - Note 31
Quantitative disclosure of fair value measurement hierarchy - Note 32

1.2.2 Revenue Recognition
Revenue from contract with customer

Revenue from contract with customers is recognized when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at the point of time when the customer obtains control of the assets.

Revenue is measured based on transaction price, which is fair value of the consideration received or receivable, stated net of discounts, returns and value added tax. Transaction price is recognized based on price specified in the contract, net of the estimated sales incentives/discounts.

Sale of Natural Gas is recognized on supply of gas to customers by metered/assessed measurements as no significant uncertainty exists regarding the measurability or collectability of the sale consideration. Sales are billed bi-monthly for domestic customers, monthly/fortnightly for commercial and non-commercial customers and fortnightly for industrial customers as the timing of the transfer of risks and rewards varies depending on the individual terms of the sales agreement. Revenue on sale of Compressed Natural Gas (CNG) is recognized on sale of gas to consumers from retail outlets.

Unbilled revenue is recognised towards supply of natural gas already occurred for the period from the end of the last billing date to the Balance Sheet date.

The amounts charged from customers for initial gas connections are accounted based on the terms of the underlying contract with customers when the performance obligation is satisfied. The performance obligation is considered to be satisfied on completion of the connection which is separate from supply of gas. Such revenue is accounted as Connection, Service and Fitting Income under other operating revenue.

The amounts collected from certain domestic customers which includes amount “refundable” in nature. Accordingly, the same are recognized as a liability under head “Deposit from Customers” in the balance sheet.

Dividend income is recognised, when the right to receive the dividend is established by the reporting date.

Other operating income and miscellaneous income are accounted on accrual basis as and when the right to receive arises.

1.2.3 Property, plant and equipment

Property, Plant and Equipment, including Capital Work in Progress, are stated at cost of acquisition or construction less accumulated depreciation and impairment losses and net of taxes (net of tax/duty credits wherever applicable)

All direct cost attributable to respective assets are capitalized to the assets. Borrowing cost relating to acquisition / construction of Property, Plant and Equipment which take substantial period of time to get ready for its intended use are included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, Plant and Equipment’s, including day to day repair and maintenance expenditure and cost of replacing parts, are charged to the profit and loss for the period during which such expenses are incurred.

Commissioning

Gas distribution systems are treated as commissioned when supply of gas reaches to the individual points and ready for intended use.

Capital Work in progress

Capital Work-in-Progress includes, material, labour and other directly attributable costs incurred on assets, which are yet to be commissioned.

An item of Property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of Property, plant and equipment is determined as the difference between the sales proceeds anti the carrying amount of the assets and is recognised in profit or loss.

Property, Plant and Equipment are depreciated on written down value over the estimated useful lives as follows:

Sr No	Asset Class	Useful life (in years)
1	Mother Compressor, Online & booster compressor	10
2	Plant & Machinery other than Compressors and Pipeline (CGS, Dispensers, Skids, Fire fighting equipment)	15
3	Cascades	20
4	Pipeline (MDPE and Steel)	25
5	Signages, Furniture & Fixture	10
6	Office Equipment	5
7	Vehicles	8
8	Computers	3
9	Building	60

The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

1.2.4 Inventory

Inventory of Natural Gas (including inventory in pipeline and CNG cascades) is valued at lower of cost and net realizable value. Cost is determined on weighted average cost method. Cost of inventory includes all other costs incurred in bringing the inventories to their present location and condition.

1.2.5 Taxes

i Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the country where the Company operates and generates taxable income.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

ii Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

1.2.6 Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

1.2.7 Contingent liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent assets is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

1.2.8 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

1.2.9 Retirement and other employee benefits

Short-term obligations

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. These are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably

Post- employment obligations i.e.

- Defined benefit plans and
- Defined contribution plans

Defined benefit plans:

Company has not funded the liability as on 31st March 2020. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.
The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable)and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset

Defined contribution plans:

The Company’s contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

1.2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial Recognition

A financial asset or a financial liability is recognised in the balance sheet only when, the Company becomes party to the contractual provisions of the instruments.

Initial Measurement

At initial recognition, the Company measures a financial asset or financial liability at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial instruments at fair value through profit or loss) are added to or, deducted from the fair value of the financial instruments, as appropriate, on initial recognition.
Transaction costs directly attributable to the acquisition of financial liabilities at fair value through profit or loss recognized in profit or loss.

Subsequent Measurement

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial asset.

De-recognition

A financial asset is primarily de-recognised (i.e. removed from the Company's balance sheet) when -
The contractual rights to the cash flows from the financial asset have expired, or
The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement; and either
i) The Company has transferred substantially all the risks and rewards of the asset, or
ii) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or group of financial assets is impaired. IND AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Financial liabilities:

Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Measurement

Financial liabilities are initially recorded at fair value and are subsequently measured at amortised cost using effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the ‘Finance costs’ line item.

Trade and other payables

These amounts represent liabilities for goods and services received by the Company prior to the end of reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

1.2.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

1.2.12 Segment information

The Company primarily operates in the segment of Natural Gas Business. Natural gas business involves distribution of gas from sources of supply to centers of demand and to the end customers. The board of directors assesses performance of the Company as Chief Operating Decision Maker. Chief Operating Decision Maker monitors the operating results of the business as a single segment; hence no separate segment needs to be disclosed.

1.2.13 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

1.2.14 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i. Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Lease hold Land - 95 Years
Building - 3 to 5 Years

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. Right of use assets are subject to impairment.

ii. Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

iii. Short Term leases and lease of low value of assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery, equipment and buildings. It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

1.2.15 Earnings per Share

The Company’s Earnings per Share (‘EPS’) is determined based on the net Profit / (Loss) attributable to the shareholders’ of the Company.

Basic earnings per share is calculated by dividing the Profit / (Loss) from continuing operations and total Profit / (Loss), both attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the weighted average number of common and dilutive shares outstanding during the year including share based payments, except where the result would be anti-dilutive

The Company expects to achieve the MWP targets in next year.

As per the PNGRB authorization dated 25th September 2018 for its Chitradurga and Davanagere Geographical Area (GA), the Company has commitment to achieve Minimum Work Program (MWP) as specified in the PNGRB authorization document. Further, the company is yet to achieve MWP target specified up to 24th Sept 2019 for its Chitradurga and Davanagere Geographical Area (GA). The Company expects to achieve the MWP targets in next year.

Note 27 : Earning per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share Is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Note 30 : Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The Company monitors capital using a gearing ratio, which is net debt divided by total Capital plus Net debt is calculated as borrowing less cash and cash equivalent and other bank balances and mutual funds investments.

Note 32 : Fair Value Hierarchy

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of March 31, 2020

(` In Lakhs)

Particulars	As at March 31, 2020	Fair value measurement as at March 31, 2020		
		Level 1	Level 2	Level 3
Financial assets mandatory measured at Fair Value Through Profit and Loss				
Investments	-	-	-	-

(` In Lakhs)

Particulars	As at March 31, 2019	Fair value measurement as at March 31, 2019		
		Level 1	Level 2	Level 3
Financial assets mandatory measured at Fair Value Through Profit and				
Investments	1,701.83	1,701.83	-	-

Valuation technique used to determine fair value:

Investments included in Level 1 of Fair Value Hierarchy are based on prices quoted in stock exchange and/or NAV declared by the Funds.
Investments included in Level 2 of Fair Value Hierarchy have been valued based on inputs from banks and other recognised institutions such as FIMMDA/FEDAI
Investments included in Level 3 of Fair Value Hierarchy have been valued using acceptable valuation techniques such as Net Asset Value and/or Discounted Cash Flow Method.

Note 33 : Financial risk management objectives and policies

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.
The Company has exposure to the following risks arising from financial instruments:
a) Credit risk:
b) Liquidity risk: and
c) Market risk:

a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

Credit risk on trade receivables is limited CNG sale collection which is primarily on cash basis credit sale is on account of Point of sale (credit card sale) and receivable from Holding company.

The exposure to credit risk for trade and other

Financial assets (` In Lakhs)

Particulars	As at March 31, 2020	As at March 31, 2019
Trade receivable	86.04	0.57
Cash and cash equivalents (excluding Cash in Hand)	31.81	59.00
Other Financial Assets	65.00	15.00
Investments in Mutual Funds	-	1,701.83
Total financial assets carried at amortised cost	**182.85**	**1,776.40**

Management believes that the unimpaired amounts which are past due are collectible in full.

Other financial liabilities	482.34	-	-	482.34
	494.80	**-**	**-**	**494.80**

c) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk:

i. Currency risk
ii. Interest rate risk
iii. Other price risk such as Commodity risk and Equity

Currency Risk

Since the company's operations are exclusively in Indian rupees, the company is not exposed to Currency risk

Interest Rate Risk

There are no interest bearing borrowings and hence company is not exposed to interest rate risk presently.

Commodity Price Risk

Risk arising on account of fluctuations in price of natural gas is mitigated by ability to pass on the fluctuations in prices to customers over period of time. The company monitors movements in the prices closely on regular basis.

Note 34 : Leases
Disclosures pursuant to Ind AS 116 "Leases"

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on the date of initial application i.e. April 1, 2019. The Company has use the modified retrospective approach for transitioning to Ind AS 116 with right-of-use asset recognised at an amount equal to the lease liability except prepaid leases as on that date. Accordingly comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. The approach has resulted in a recognition of right-of-use asset at an amount of equal to the lease liability except prepaid leases as on that date.

The Company has lease contracts for various items of land, building, used in its operations. Leases of land generally have lease terms of 95 years, while building generally have lease terms of 3 to 5 years. The company also has certain leases of building with lease terms of 12 months or less. The company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

Amounts recognized in the Statement of Profit and Loss	For the year ended March 31, 2020
Depreciation expenses of Right-of-use assets	18.12
Interest expenses on lease liabilities	5.67
Short term lease payment (included in 'Rent Rates & Taxes in Note 25)	4.82
Total Amount recognised in profit and Loss	**28.61**

The Company had total cash outflows for leases of INR 18.86 lakhs in 31 March 2020. The effective interest rate for lease liabilities is 10%, The maturity analysis of lease liability is disclosed in Note 33b.

The Company also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application

Note 35 : Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity is shown below:

(` In Lakhs)

Unabsorbed depreciation		-	-	90.65	90.65
Total		**0.06**	**670.52**	**90.65**	**761.23**

Note 38 : Employee benefit plans

(a) Defined contribution plan

The following amount recognized as an expense in Statement of profit and loss on account of provident fund and other funds. There are no other obligations other than the contribution payable to the respective authorities.

(` In Lakhs)

Particulars	March 31, 2020	March 31, 2019
Contribution in defined plan	5.28	0.26

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

(b) Defined benefit plan

(i) Gratuity

The company operates one defined plan of gratuity for its employees. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure at 15 days of last drawn salary for each completed year of service. The scheme is funded with an Life Insurance Corporation of India in the form of qualifying insurance policy.

The following tables summaries the components of net benefit expense recognised in the Statement of profit and loss and amounts recognised in the balance sheet for the gratuity plan:

(` In Lakhs)

	March 31, 2020	March 31, 2019
Statement of profit and loss		
Net employee benefit expense recognised in the employee cost		
Current service cost	1.40	0.37
Interest cost on defined benefit obligation	0.28	0.03
Components of Defined benefits cost recognised in profit & loss	**1.68**	**0.40**
Remeasurement - due to experience adjustment	6.40	2.81
Components of Defined benefits cost recognised in Other Comprehensive Income	**6.40**	**2.81**
Total Defined Benefits Cost recognised in P&L and OCI	**8.08**	**3.21**
Amounts recognised in the Balance Sheet		
Defined benefit obligation	11.73	3.65
Fair value of plan assets		
Plan assets (Liability)	**(11.73)**	**(3.65)**
Changes in the present value of the defined benefit obligation are as follows:		
Opening defined benefit obligation	3.65	0.44
Current service cost	1.40	0.37
Interest cost	0.28	0.03
Actuarial losses/(gain) on obligation	6.40	2.81
Benefits paid	-	-
Closing defined benefit obligation	**11.73**	**3.65**
Net assets/(liability) is bifurcated as follows :		
Current	0.08	0.03
Non-current	11.65	3.62
Net total liability	**11.73**	**3.65**

The principal assumptions used in determining gratuity benefit obligation for the company's plans are shown below:

Particulars	March 31, 2020	March 31, 2019
Discount rate	6.80%	7.80%
Mortality rate	Indian assured lives mortality (2012 -14) ultimate	Indian assured lives mortality (2012 -14) ultimate
Salary escalation rate (p.a.)	7.00%	7.00%
Disability Rate (as % of above mortality rate)	5.00%	5.00%
Withdrawal Rate	1.00%	1.00%
Normal Retirement Age	58 Years	58 Years
Average Future Service	20.77	19.00

The sensitivity analysis below have been determine based on reasonably possible change of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Particulars	March 31, 2020		March 31, 2019	
	Increase	Decrease	Increase	Decrease
Discount rate (100 basis point movement)	9.76	14.22	3.03	4.43
Salary escalation (100 basis point movement)	14.05	9.84	4.39	3.05
Attrition rate (100 basis point movement)	11.69	11.79	3.71	3.58

The estimates of future salary increases, considered in actuarial valuation, is based on inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled. There has been significant change in expected rate of return on assets due to change in the market scenario.

Note 40 : Going Concern

The Company will be able to continue to operate as a going concern and meet all its liabilities as they fall due for payment based on its cash-flow projections and continued financial support from the shareholders. Accordingly, these financial statements have been prepared on a going concern basis.

Note 41 : COVID 19 Note

The Outbreak of Coronavirus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. Execution of construction activities for laying of city gas distribution network undertaken by the Company were temporarily suspended during nationwide lockdown. Business operations of were resumed in a phased manner in line with directives from the authorities. However, this industry being in essential services, the impact was minimal and for a shorter period.

The Company has considered internal and external sources of information up to the date of approval of these financial statements, in assessing the recoverability of its assets, liquidity, financial position and operations of the Company and based on the management's assessment, there is no material impact on the financial statements of the Company.

Considering the uncertainties involved in estimating the impact of this pandemic, the future impact of this pandemic may be different from those estimated as on the date of approval of these financial statements

Note 42 : Operating Segment

The Company is engaged in one business activity of City Gas Distribution and distributes and transports Natural Gas to Domestic, Commercial, Industrial and Vehicle users ,thus there are no separate reportable operating segments in accordance with Ind AS 108.

Note 43 : Events after reporting date

No Subsequent event has been observed which may require an adjustment to the Balance Sheet

Note 44 : Previous year comparatives

Previous year figures have been regrouped / reclassified, whenever necessary to confirm current year classification.
